

### CUSTOM CHAP MEASUREMENT SHEET CHART

- Measure with jeans/riding pants and boots on—what you will be wearing under the chaps.
- Have someone else measure you
- Do not pull the measuring tape too tight - put a finger under it.

- 1. WAIST** - Take over waistband of pants you will wear under the chaps
- 2. UPPER THIGH** - fullest part at crotch level
- 3. MID-THIGH** - 1/2 way between crotch & knee
- 4. KNEE** - Around the center of the knee
- 5. CALF** - Measure around the largest part of the calf
- 6. ANKLE** - Measure around the boot top
- 7. OUTSEAM** - WAIST TO HIP - measure from the top of the waist band on the side seam down to the bottom of the cheek with leg bent (9")
- 8. OUTSEAM** - WAIST TO FLOOR - from top of waistband down to the floor (be sure and have boots on)
- 9. INSEAM** - CROTCH TO KNEE - take on inside of leg from the crotch down to the center of the knee
- 10. INSEAM** - CROTCH TO FLOOR - inside of leg from the crotch down to the floor (with boots on)
- 11. RISE** - from the top of the waist band to the crotch on center front (zipper area)
